

Are you looking for a fleet
tailored to suit your needs?

Sit back, take off your tie and relax...

With NORFLEX[®] you can add to, change or reduce your fleet at any time without penalty.

In today's rapidly changing world it can be stressful to forecast your vehicle demands. With NORFLEX[®] you don't have to predict what the future holds.

You can rent and return a vehicle at any time allowing you to chop and change in-line with your customer demand. Perfect if you require a flexible fleet to satisfy your short or long-term requirements.

That is why our core business is flexible vehicle rental -

NORFLEX[®] - giving you the ultimate freedom to manage and change your fleet at any time without the risks of ownership or the constraints of contract hire.

We will do everything we can to keep your workforce on the move...

With NORFLEX[®] everything's covered: servicing, maintenance and replacement vehicles. You never have to worry about vehicle downtime and being off the road. We will repair or replace your vehicle within hours, 24/7 365 days a year.

Once we have provided you with the right vehicle we will then do everything we can to keep your workforce on the move.

With our UK wide network we can offer national support. If a vehicle in your fleet breaks down you can feel confident that we will repair or replace your vehicle within hours.

There's no need to worry about downtime or getting vehicles serviced and maintained. You

can benefit from our experience, expertise and infrastructure.

We operate a fleet of over 60,000 vehicles and a rental network of more than 70 branches (the majority with workshops).
